Closing of the Offering is expected to occur on or about January 20, 2022 and remains subject to a number of conditions, including receipt of all necessary regulatory approvals, including the approval of the TSX Venture Exchange. In connection with the Offering, a finder’s fee may be payable in line with the policies of the TSX Venture Exchange.

All securities issued in connection with the Offering will be subject to a statutory hold period of four-months and one-day. The Company intends to use the net proceeds from the Offering for the recommencement of mining at the Kombat mine and for working capital and general corporate purposes.
